

**Dr. S.P. Vaid, IPS**

## **Motor Vehicles Department**

Government of Jammu & Kashmir

# **FOREWORD**

I am glad to see a book written by Shri I A A Malik. The book titled "Automotive Mechanism" is highlighting all the operational systems of an Automobile. Shri I A A Malik, an Automobile Engineer has served in J&K Police as Senior Superintend of Police. He has established Police Transport Workshops and has an enormous experience and knowledge about automotive mechanism. The book will prove beneficial and informative to all the students of Automobile and Mechanical Engineering and will serve as technical guide for the Automobile Manufacturers and Transport Operators in running of workshop technology.

I wish a great success to Shri I A A Malik and am eager to see further publications on the subject through "Jay Kay Law Reporter Pvt. Ltd."
