Jammu is an important capital city and 2nd largest urban agglomeration in the settlement hierarchy of Jammu and Kashmir State. The city is at the threshold of attaining the metropolitan status. For its balanced and sustainable development, I am glad to know that Jammu Development Authority has prepared the Master Plan of Jammu-2032, spreading over an area of 652 sq. km with an estimated population of 20.15 lac by 2032. The Revised Master Plan-2032 formulated by Jammu Development Authority is a welcome step to take city planning and development forward making Jammu a viable and thriving city guaranteeing a better quality of urban life.

I congratulate Jammu Development Authority for completing the plan & wish it all the best.

Jammu is a bustling city, growing at an accelerated pace with its influence increasing in range and impact. It is also a historic and a capital city with rich heritage resources. The Jammu Local Planning Area at present has population of 11.05 lac and is at the threshold of attaining of metropolitan status. It constitutes about 70% of the urban population of Jammu Region which lends it a character of a Regional Primate City. In the course of its development, Jammu city has been confronted with a range of planning and development issues impeding its sustainability and livability. Consequent upon this, the Jammu city needs a holistic and long-term planning and development strategy to make it a more productive and sustainable in nature.

The Jammu Master Plan-2032 is a step in positive direction dovetailing the broad contours of spatio-economic development of Jammu city for next two decades. Jammu Master Plan-2032 has been completed because of the sustained efforts of the Core Team at JDA and TPO Jammu along with valuable advisory inputs suggested by various senior officers. In order to make Master Plan more responsive and realistic in nature, all the valuable suggestions/objections, from stakeholders have been incorporated as per the provisions of J&K Development Act 1970.
