Foreword

Reservation in Educational Institutions & Government Jobs provides a much needed leeway and platform to the socially excluded segments of the Society to obtain parity in respect of educational and economic status. Over the years reservation has elevated the social status of Scheduled Castes (SCs), Scheduled Tribes (STs), Other Social Castes and Resident of Backward Areas/Backward Classes (OBCs). Therefore Laws related to reservation have assumed great significance and importance to safeguard the interests of this important segment of the society.

I am glad that with the publication of this book, reference or compendium on reservation laws, rules etc is readily available. The content is relevant not only to the general masses but also to the bureaucrats and practitioners of law. Students of Social Science & Law will also find this book useful in their academic pursuits.

I wish the publishers namely Jay Kay Law Reporter best in this endeavour and hope that they continue the publication of similar books/compendiums in future.
